TCSF is proud of you!

Temple City Schools Foundation (TCSF) is a non-profit community-based organization whose mission is to support the students of the Temple City Unified School District.

TCSF provides funding and support for enrichment programs, classroom grants, student-led projects, visual and performing arts, athletic teams and so much more. In the last few years we have invested over \$2,500,000 in grants to TCUSD programs, teachers and students. Your tax-deductible donation makes a difference!

Donate today to help bring valuable resources and activities to the children of TCUSD.

Direct donations can be made via PayPal on our website.
